1. Attached hereto are the first compilation of AEC members' submissions for the revisions of Satellite and Far East high priority targets. They are submitted for your review and correction.

2. It is my suggestion that, unless you have reason to prefer otherwise and let me know to that effect, you will return one copy with corrections by the close of business Thursday, 7 March 1957, in order that a corrected draft may be made available. At that time, we will sit down together for criticism including excision of items as required.
